KINCO Factory

CORE VALUE

PRICE COMPETITIVENESS • INNOVATION • ECO-FRIENDLY

Kinco is committed to offering better food storage and display solution through production of high quality products in accordance with international quality standards.

Enhance price competitiveness, by extended product life duration and stabilization, as the result, electricity cost and maintenance cost can be reduced.

We believe success can only be achieved when someone who "Dare to change". Continuous innovate enable Kinco to consistently offer the finest product to all clients.

Endeavor to develop energy-efficient designs that reduce wasted resources and power consumption to reduce environmental impact.

To sum up the intent of Kinco's vision and mission statements is - Customers for Life. To achieve this it must listen to our valuable customers, anticipate their needs, and act to create value for their very specific requirements.
