

EQUIPMENT

PLANETARY MIXER PM-8C

Heavy-duty mixers are designed to operate safely and efficiently under heavy work conditions. These mixers are built to the safety standards of CE & EMC, utilizing stainless steel safety guards. A virtually silent hardened alloy gear transmission is powerful enough to keep up with peak demands. Our gears are 25% greater in size than those in competitive models.

STANDARD FEATURES

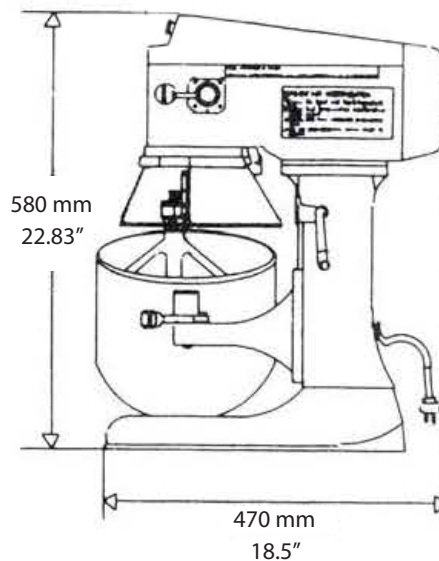

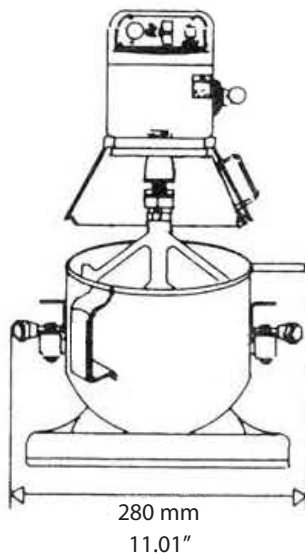

- Single phase & hard wired cord and plug
- Air cooled grease packed ball bearing
- Heat-treated, hardened alloy, precision milled gear transmission
- Long lasting rubber composite cogged belt
- Stainless steel bowl equipped with dough hook, flat beater, and whip
- 3 speeds available: low, high, & intermediate
- Emergency stop button
- Equipped with thermal overload protection
- 15 minute timer
- Equipped with removable safety guard
- White epoxy enameled finish
- Sturdy hand lever adjusts bowl height, locks bowl into place

PLANETARY MIXER PM-8C

Technical Data

Motor	1/4 HP 0.2 kW
Electric	220/50/60/1 or 115/60/1
Bowl capacity	8 Quarts 7.57 Liters
1st gear speed	132 RPM
2nd gear speed	234 RPM
3rd gear speed	421 RPM
Gear/belt transmission	Precision milled gear transmission with cogged belt
Machine dimensions (L x W x H)	470 mm x 280 mm x 580 mm (18.5" x 11.01" x 22.83")
Net weight	25 Kg (55.12 lbs.)
Shipping weight	27 Kg (59.52 lbs.)
