

# DGD SERIES

## GRADIENT DENSITY CARTRIDGES

### Dual Gradient Density Filtration

50  $\mu\text{m}$  (outer layer) ; 5  $\mu\text{m}$  (inner layer)

### Reduces particles as small as 5 micron

such as dirt, sand, silt, rust and sediment

### High Flow Rate

up to 20 gallons (76 litres) per minute

### 100% Pure Polypropylene Filter Media

chemical and bacteria resistance

COMPONENT

**NSF/ANSI Standard 42 certified for material requirements**
