- Traditional wood frame protection and traditional design, enhance the store's image.
- Designed with small size but completed with all functions, save more space. (WBTO-7L only)

WBTO-16L-2

Removable and easy for cleaning

WBTO-13L

Product Name	7L Oden Machine	13L Oden Machine(with divider)	16L Double Tanks Oden Machine
Model	WBTO-7L	WBTO-13L	WBTO-16L-2
Dimension(W*D*H)	274*346*310(mm)	456*346*305(mm)	635*450*324(mm)
Power	220V 50Hz 1kW	220V 50Hz 1.5kW	220V 50Hz 1.5kW*2
Capacity	7L	13L	16L
Temp. Range	Room Temp. to 100°C	Room Temp. to 100°C	Room Temp. to 100°C

Multifunctional Oden Machine

FEATURES

- All stainless steel structure with stable thin base, elegant design.
- Separated heating element and pot, safety and hygiene, easy to clean. Convenient for placing with splitter plates, good display effect.
- Two heating methods, aluminum plate heating and induction heating. Induction heating can rapid heat the frozen food and make sure the food is fully cooked.
- Independent temperature control function, energy saving and accurate temperature control.
- Traditional wood frame protection and traditional design, enhance the store' s image.
- Three different kinds of heating temperature and holding time for users to choose in the aluminum plate heating. It can meet the heating demands of different foods.
- Independent induction heating area. There are 9 selections for the induction heating, which can meet the heating demand and save energy.

品名Product Name	Multifunctional Oden Machine
型号Model	WBTO-8L-4
尺寸Dimension(W*D*H)	635*440*382(mm)
电力规格Power	220V 50Hz 3.4kW
容量Capacity	25L
温度范围Temp. Range	Room Temp. to 100°C
