

Ideal for large lobbies, bars, dining areas and groceries areas, the IK-DIS30 is silent in operation, with caught insects hidden from view.

- Ideal for front of house applications
- Simple Glue board and tube replacement
- High efficacy UV tubes
- Robust Construction
- Noiseless, Odourless, Safety and Hygiene.
- Easy to maintenance

Designed for commercial use, with high quality standard size Glue Board and 2 pcs of Black Light tubes of 15 watts each. A low height design that can be mounted anywhere, vertically or horizontally. Highly recommended to install as Wall Mounted. It comes with mirrored inner reflector and back-plates reflectors for a much brighter and bigger UV aura to attract flies from top, bottom and both sides.

#### Decorative yet effective!

- Mirror-finished reflectors inside lamp body for higher reflected UV aura
- Strong adhesive that grasps insects
- Add on mirror-finished side-reflector plates for additional UV reflection, especially when suspended from ceiling
- Comes with 2 m electrical cord with 3 pin plug
