KITTY BLUE

## "Jane" design sense

Industrial design of this product

It's by Red Dot Award designer Michael Lai from Germany

## Kitty blue

Life this blue poem, let the time become gurgling.

I like you to be blue, in a million different ways.

In retrospect, seems to experience a period of love blue time.

Deep or shallow, not near  
not far, but in the  
beautiful moment.

## Double sensitivity warm puff a success

NTC dual temperature sensing probe, spirit sensitive temperature

Two NTC thermal probes are provided in the lumen

# Make preheating, more intelligent automatic preheating function

No need to adjust the temperature and preheat before baking, automatic more worry

# A big party/small party is all right

40L holds the love of the whole family

# Intelligent adjustable furnace lamp

Intimate stove lamp program design

## Daytime - Energy saving mode

Short according to the light, 30 seconds to extinguish

## Night - Regular Light Mode

Long press the constant light, clear observation
