

## • Suction Vacuum Sealer •

Model: YJS603F

### ► Parameter

● Voltage	110-120V~60Hz	220V-240V~50Hz
● Power	330W	
● Pump Pressure	-28.3"Hg / -958mbar (directly in pump)	
● Max bag width	310mm	
● Pump	dual	
● Seal wire width	5mm	
● Size	390x275x130mm	
● Weight	6.6 kg	

### ► Packing

● Inner Packing	Gift Box	
● Gift Box Size(mm)	430x330x185mm	
● Carton Size(mm)	450x345x390mm	
● Packing	2 boxes / ctn	
● G.W.	16.3kg	
● N.W.	15.2kg	
● 20GP	960pcs	
● 40GP	1980pcs	
● 40HQ	1980pcs	

### ► Benefits

- Stainless steel housing, makes the machine more durable, fashionable and quality.
- Heavy-duty handle with Quick-start and Quick-seal button, convenient for operation.
- Transparent PMMA lid for visible view inside the chamber during working.
- With Impulse sealer function (no suction), can be used as Bag Sealer.
- Pulse vacuum function, manually control vacuum time and pressure.
- Special wide seal wire(5mm) enables high quality sealing.
- Big power, very short heating time (only 2-3 seconds).
- Digital displays vacuum and sealing process.
- Marinate mode, provides rapid cuisine foods.
- Adjustable seal time and marinate time .
- Dual pump, high vacuum pressure.
- Instant seal function.
