

**MODEL: LSC-95**

Lvni under-counter fridges use high-density Cyclo-isopentane Polyurethane insulated body saves energy, cooler fast. High efficient forced air circulation, to avoid the consequence of drying food. The built-in heating coil in the door frame to eliminate the circumstance of freezing the doors. Detachable filt

**PRODUCT DIMENSIONS(IN MM):**

## FEATURES & ADVANTAGES:

1. **Frost-free**: It has no frost.
2. **Fast** cooling: It has a fierce cooling system. We use **powerful** compressor and fans to make a fast and fierce circulation cooling effect. From room temperature 30 °C down to 2 °C, it only takes about 30 minutes.
3. **Double-layers** hollow glass door: See through, also anti-condensation on the glass door.
4. Auto-evaporating condensation water: You don't need a drainage ditch.
5. LED low temperature light: You can choose white, blue, purple or other colors LED lights.
6. It fits both countertop, or under a counter.

## PRODUCT SPECIFICATIONS:

MODEL	LSC-95
CAPACITY	95L
POWER	95W
RATED VOLTAGE(FREQUENCY)	220-240V(50Hz)
TEMPERATURE RANGE	0-10°C
PRODUCT SIZE (L*W*H)	460*470*840mm
PACKAGE SIZE (L*W*H)	510*520*870mm
MATERIAL	Black Colour Coated Steel, Polyurethane
GROSS WEIGHT	36kg
LED/LOCK	White/Yes
