

IKAWA PROFESSIONAL INSECTS LIGHT TRAP EQUIPMENTS

IKAWA IK-XENEPUS18

Ideal for Bars/ Bistro / Dining / Restaurants / Café / Bakery / Japanese Restaurants

Ideal for Kiosks, bars and buffet food placement areas, IK-Xen18 keeps insects hidden from view, allowing ultimate discretion in sensitive areas. This portable unit is highly efficient in eliminating flying insects especially around food area and able to eliminate flies nearby your food area. This unit can be wall-mounted up to a maximum of 6 feet. It made out of white and black powder coated steel which makes the unit more durable and long lasting.

The unit is more hygienic and easy to maintain compared to the traditional electric zappers which kills insects then spread infection into our air. Our mission is to bring the most hygienic ways to prevent the flying insects fragmented showering viruses and bacteria.

- ❖ Portable, lightweight & easy to maintain
- ❖ Suitable for both wall hanging or placed on table top
